Physical Requirements and Maximum Entry Age

The duties of probation and pretrial services officers and officer assistants are considered hazardous duty, requiring the investigation and management of alleged criminal defendants or convicted offenders who present physical danger to officers and to the public. In the supervision, treatment, and control of these offenders, these duties require moderate to arduous physical exercise, including prolonged periods of walking and standing, physical dexterity and coordination necessary to operate a firearm, and use of self-defense tactics. On a daily basis, these officers face unusual mental and physical stress because they are subject to danger and possible harm during frequent, direct contact with individuals who are suspected or convicted of committing Federal offenses. Officers must also be physically fit to capably combat possible physical attacks. Therefore, these positions are classified as hazardous duty positions covered under law enforcement officer retirement.

First-time appointees to positions covered under law enforcement officer retirement provisions must not have reached their 37th birthday at the time of appointment. Applicants 37 or over who have previous law enforcement officer experience under the Civil Service Retirement System or the Federal Employees' Retirement System and who have either a subsequent break in service or intervening service in a non-law enforcement officer position may have their previous law enforcement officer experience subtracted from their age to determine whether they meet the maximum age requirement. *Therefore applicants who wish to be considered for hazardous duty as U.S. Probation/U.S. Pretrial Services Officers or Officer Assistants must disclose their date of birth for verification that they meet the above stated age requirement.*
